12. Dr. S M Subash, NAAC Coordinator

The institute provides all necessary infrastructural facilities and a conducive environment to promote research activity in the campus. The institute provide seed funding or partial funding based on the merit of proposals submitted by faculty or student. The faculty and students are encouraged to present their ideas / project proposals before the research committee for getting the sanction of seed funding in accordance with institute guidelines.

Due to limited resources, the institute may not be able to fund all the research activities taken up by the faculty and students. Faculty are encouraged to apply for various funding agencies and pursue their research.

## 2. OBJECTIVES

- a. To create an excellent research ambience and infrastructure
- b. To facilitate inter, multi and transdisciplinary research
- c. To publish papers in journals of international repute, file patents and transfer technologies to relevant industries

# GURU NANAK INSTITUTE OF TECHNOLOGY

- d. To continuously monitor the research outputs for ensuring quality by appropriate committees
- e. To create quality human resources for scientific research
- f. To recognize both faculty and students on their research output by a research award

The faculty members are given freedom to choose the research area of their choice and guidance is given to seek funding from various funding agencies and industries. The institute encourages the faculty by providing incentives for peer reviewed publications, writing books and filing patents. The institute takes care of patent filing process, which is governed by the Research policy of the institute.

The institute gives a free hand to report research results and findings. However, a thorough review is done for all research proposals seeking funding from various funding agencies by consulting the research committee comprising the Dean Academics R& D, Head of respective department and subject expert(s) of the department.

The meeting concluded with vote of thanks.
