Respected Sir,

Sub: Permission for Internship of B.Tech (EEE) students - Reg.

Guru Nanak institute of Technology is a self-financing premier Technical institute Established in the 2008. The institute is affiliated to the JNTU, Hyderabad. It is approved by the All India Council for Technical Education. The institute offers B.Tech Degree programmes in six branches of engineering viz., Civil Engineering, Mechanical Engineering, EEE, ECE, CSE and IT.

In addition to the academic inputs of high standards and industry relevant syllabi, students are provided with the state of art technology in laboratory instruction and ample opportunity for personality development by way of participating in a number of activities meant for the purpose.

The institute updates curriculum as per changing needs of society and ensures effective instructions. We believe that preparation of a student for engineering profession is not complete without educational visits to industry and a period of training in a premier engineering establishment which reinforce the concepts that they have learning in regular class room and laboratory instruction. In view of this we are organizing educational tours and industrial training to our students every year.

In this regard we request you to kindly explore the possibility to accommodate the following students of II year B.Tech EEE to do internship from 08-06-2019 to 22-06-2019 in your esteemed organization. The student's particulars are as given below

S no	Roll no	Name of student	Branch	Year
