## DEPARTMENT OF INFORMATION TECHNOLOGY

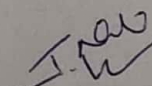

### A Two Day National Level Workshop on “Advanced Cyber Attacks and Threats (ACAT)”

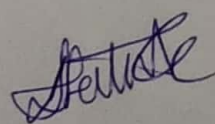

#### EVENT REPORT

Department of Information Technology, Guru Nanak Institute of Technology has successfully organized two day National workshop on “Advanced Cyber Attacks and Threats” on 28th July & 29th July, 2017. Honorable Chairman Sardar T.S. Kohli, and Principal Prof. (Dr) S.Sreenatha Reddy inaugurated the function. Eminent guests from industry like Mr.Sandeep Mudalkar, Founder & CEO of "Sytech Labs", and Cyber Crime Forensic Expert, Investigator and Consultant to Hyderabad cyber cell and Mr.Sai Satish, Cyber Security, Indian Servers shared their expertise. This workshop was organized to create awareness about Advanced Cyber Attacks and Threats. Mr.Sandeep Mudalkar delivered a session on Introduction to Cyber Security, Trojans, Backdoors, Phishing,Steganography & Cryptography on the first day. While on second day Mr.Sai Satish from Cyber Security discussed various security topics like Proxy Server & VPN Technologies, Tracking Emails and Investigating Email Crimes(Email Analysis), Whatsapp Spy, Website Hacking, Kali Linux, Cyber Crime Investigations : Deleting Fake Profiles + Tracing Criminals Online + Case Study of Cyber. Faculty members and students from various institutes also present for the workshop on both days. The overall management of the workshop was completed under the guidance of Dr. D. Stalin Alex and Dr. Senthil kumar and coordinated by workshop coordinator J.Naresh kumar and all faculty members of Information Technology Department.

#### About the workshop

This workshop is specifically designed to provide the right knowledge to the aspiring Hacking and Cyber Security enthusiasts. This workshop will explore the various means that an intruder has available to gain access to computer resources. It will investigate weaknesses by discussing the theoretical background behind, and whenever possible, actually performing the attack Attendees will be provided with instructions how to secure them self from Cyber Crime. A live speaker and instructor are available to answer questions during this 1 day workshop. Let a trained professional show you how to secure and manage your data. Upon completion attendees will get a certificate of participation.
