Dear Sir or Madam:

It is always an event of great significance to have your biographical profile permanently etched in print. And it is exactly what we propose to do by including you in our forthcoming reference work 'Emerald Who's Who in Asia'. It is a singular honour being bestowed on a select group of Asian men and women for their remarkable and unforgettable accomplishments in life.

The inclusion of your biographical profile in 'Emerald Who's Who in Asia' will not only be an event of importance in your life but also a benchmark for posterity.

Keeping in mind the many personalities in Asia who have made a mark in life as achievers par excellence in various fields of human endeavour, we thought it only fit to highlight their activities through the medium of the written word. With this in mind we proudly announce the launch of this biographical book titled 'Emerald Who's Who in Asia'. As the title suggests it seeks to highlight the achievement of the glowing 'jewels' in Asia's crown—men and women of merit and distinction.

In short, 'Emerald Who's Who in Asia' is being produced with unparalleled care and skill as a prized document of everlasting value for the biographees presented in the volume.

Best Regards

Ravi Bhushan – Editor.

P.S.: Once your biographical profile appears in the aforesaid volume it will be a record of honour and pleasure for you, your family and for posterity.

Dear Professor Mohan

**Your Personal Invitation from the Hon. General Editor of
Dictionary of International Biography**

I was extremely pleased to see your *2000 Outstanding Intellectuals of the 21st Century* entry being compiled by our Editor-in-Chief recently and after studying it for a short while it became obvious to me that our flagship publication *Dictionary of International Biography*, due to be published in autumn 2016, would benefit hugely from having your entry included.

The first edition was published in 1963 and for 50 years the *Dictionary of International Biography* has featured over 200,000 biographies of men and women from all walks of life and all continents. Copies of the book reside in university and civil libraries around the world including the Library of Congress in Washington D.C. and the British Library in London. The status of D.I.B. has grown steadily over the years and is now one of the most referred-to texts being regularly produced.

The Thirty-Eighth Edition of *Dictionary of International Biography* will include over four thousand biographies of people like you - men and women of achievement - from many countries; indeed, most nations will be represented within its pages. It is published from the International Biographical Centre, Cambridge, England and the Thirty-Eighth Edition will maintain the traditional high standards of its precursors.

There is no charge or fee of any kind for the publication of your biography nor are you under any obligation to purchase a copy. All I ask is that you return a copy of the acceptance form overleaf confirming that you wish your entry to appear in the Thirty-Eighth Edition of *Dictionary of International Biography*.

Dear Prof Maddali

2000 OUTSTANDING INTELLECTUALS OF THE 21ST CENTURY ~ 9TH EDITION ~

The Oxford English Dictionary defines intellectualism as the "doctrine that knowledge is wholly or mainly derived from pure reason" and it follows by saying that an intellectual is a "person possessing a good understanding, enlightened person".

Surely, therefore, this definition is the reason for your selection to be included in this prestigious publication which is due for release in late 2015. I invite you to take your place within its pages. Only two thousand intellectuals can be featured from across the world and I therefore urge you to complete the enclosed questionnaire as soon as possible. Publication and distribution of *2000 Outstanding Intellectuals of the 21st Century* is throughout the world following promotion by the International Biographical Centre. Many copies of this title, a major reference work containing an extensive selection of the world's most notable intellectuals will be housed in numerous libraries and research institutions including the Library of Congress in Washington DC and the British Library in London.

Inclusion is based on merit alone and there is no obligation to purchase a copy of *2000 Outstanding Intellectuals of the 21st Century*. However, I recommend you to study the Reservation Form on the reverse of the enclosed questionnaire and return it to me by the date shown or as soon as possible.

I look forward to receiving your completed questionnaire. Inclusion is a sign of recognition.

Sincerely

Nicholas S. Law
