**REPROT ON BRIDGE COURSES 2016-17**

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective of the course is to bridge the gap between subjects studied at Pre-university level and subjects they would be studying in engineering. The syllabus for the course is framed in such a way that equal importance is given to both Engineering discipline and personality development which includes soft skills, sports and cultural Activities. The duration of this course is 14 days with 70 hrs. The students are trained in subjects such as Mathematics, Computer Science and English apart from other co-curricular activities.

A Bridge course is conducted from 17/07/2016 to 31/07/2016 by department of H&S for the I B tech students on the topic **Applications of Mathematics** by **Dr. G. Srinivas** and **coordination chemistry** by **Dr. N. Bhasker**. 723 first year students attended and noted the points in their note books with much interest. In his talk Dr N. Bhaskar explained many basic concepts of coordination chemistry and insisted on importance of chemistry in Engineering stream. Dr. Jayanthi highlighted the importance of programming in their career.

**Dr. G. Srinivas explaining Applications of Mathematics**
